Re: Consulting Agreement

Dear ██████████,

I want to once again take this opportunity to thank you for your professionalism and insight into emerging technologies, which include gasification, as well as transforming the renewable energy industry.

Renaissance Global Energy Company, Inc. ("Renaissance") would still like to retain your services to provide continuous advice and management services related to renewable energy bio-fuel production services as well as the tire recycling industry. To that end, Renaissance is prepared to execute an initial consulting agreement on or before ██████████, 2013 to retain your professional services. Additionally, as requested, we will deposit \$██████████ as a retainer against billable hours.

Thanking you once again for your cooperation and courtesy in the exciting work of Renaissance.

Very truly yours,

██████████, President
Renaissance Global Energy Company, Inc.
